3

Find the complimentary colours

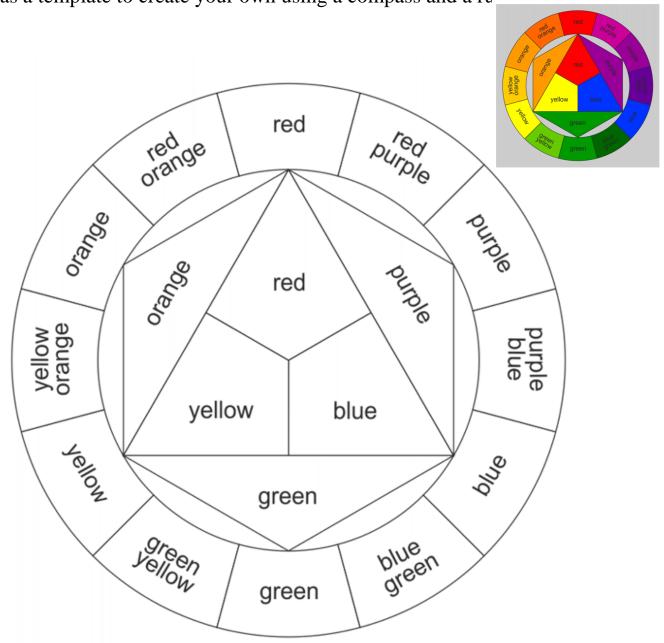

Colour these boxes using complimentary colour combinations.

Identify problems relating to colour mixing The problem:	
We can solve this problem by:	

Produce a twelve-section colour wheel. Colour this wheel or use this as a template to create your own using a compass and a ruler

© www.artyfactory.com

Demonstrate a visual awareness of the way colour is used.

Using magazines or catalogues to cut out images with colour and explain how colour has been used.

For example:

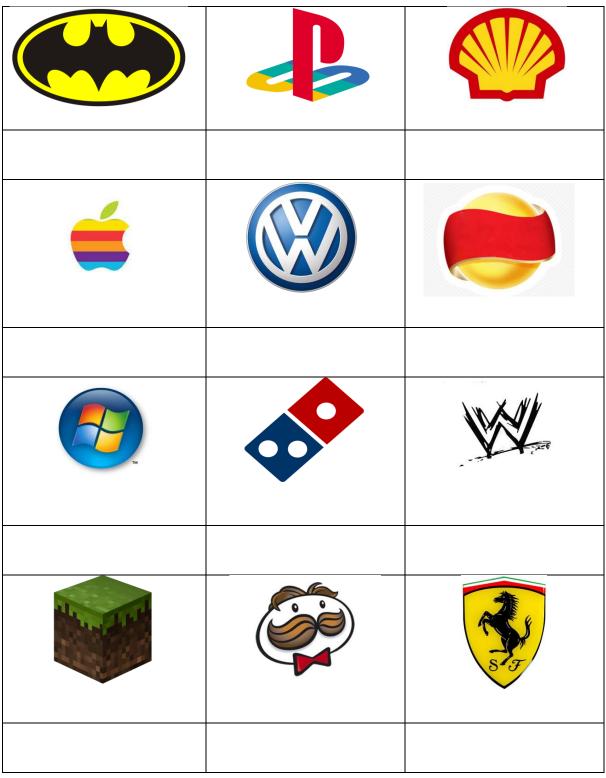

Yellow and red, bold colours aimed at children and recognised globally.

Red letters on a white background make it stand out and catch your eye. The same style of writing to make it recognisable.

Try guess a few of these famous logo's.

What have all these logos got in common?

т	. 1	
iave	e a go at designing your own logo.	
•	Remember who it is aimed at	
•	Needs to be clear and stand out	

Keith Haring.

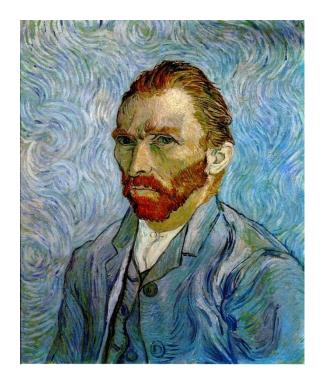

Explain how Keith Haring uses colour in his work.	xplain how Keith Haring uses colour in his work.		

Vincent Van Gogh

Explain how Van Gogh uses colour in his work.

Create your own artwork and then explain why you have used certain colours.
